The second largest city center in Croatia and the seat of the Split-Dalmatia County, Split has 1700 years of age history. Since 1979 the historical center of Split has been inscribed on the UNESCO World Heritage Site List. City's Historical and Cultural Buildings are located within the walls of the Diocletian's Palace. At 12:00 we will start our cruise to Omiš. An ancient town with city walls, fortresses and stone churches, Omiš is located at the delta of the Cetina River with its beautiful beaches. For centuries, Omiš was for a stronghold of famous pirates, a symbol of retaliation, courage and strength in the long historical struggle against The Republic of Venice. Lunch will be served on board while we continue our cruise across the Brač Channel, all the way to Pučišća, the largest village on the island of Brač. Nowhere in the system of towns and villages in Dalmatia does the terrain play such a compelling role as in Pučišća. Its spectacular irregularity of the steep-sided natural harbor, authentic Mediterranean architecture and rustic ambience are simply unforgettable. The fjord-like inlet of Pučišća meets three narrow valleys that descend from the hills, joining the bay's quiet and beautiful waters. Pucisca quarry was exploited by Romans in the Antiquity, after which it was abandoned until the reopening in 1455. Stone from Pučišća quarry was used to build limestone columns of the White House in Washington DC, Vienna Parliament and many other famous buildings around the world. Pučišća is also home to the only Croatian Stonemasonry school. Its students carve sculptures from the Brač limestone, applying traditional and unconventional tools that have been used here for centuries. We will spend a night in this very quiet town.
